

INFORMATION

To the 25th World Conference of ISGF 21st – 26th August 2008 in the University of Vienna

Dear friends,

we are proud to inform you to take part in the 25th World Conference of ISGF in Vienna / Austria. Enclosed you will find the registration forms. It is not so long ago that we have been entrusted to organise this event. In spite of the short time of 3 months we think that we are in the position to meet all the requirements according to the guidelines for World Conferences set by the World Committee.

It has been our wish to offer to the participants a package which combines quality with economy. As you will see in the registration forms we offer 3 price categories according to the hotel standard chosen. All 3 are well below the price level of the 24th World Conference in Norway and the plans of Tunisia. The hotels have been chosen to be the most convenient in their categories.

We have an appeal to all member countries (NSGFs), to their presidents and international secretaries:

-due to the late appointment because of the circumstances known and the necessity to secure hotels and conference locations the time between sending the invitation and the deadline for registration is much shorter than usual – barely 3 months. Still it is necessary to have everything clarified within that time. We therefore **ask you to circulate this invitation in your country** as fast as possible,

-to encourage a **fast registration we offer a discount of 30.- EURO** for all who register and pay fully until end of April.

We are aware of the fact that many participants to conferences register after the deadline has passed. As we cannot hold the hotel reservations much longer we can only confirm a place in this event for those who register in time and pay at least the down payment. Concerning those registering late we will do our best to accommodate them also, but without guarantee. We remind you, that participants to the conference should be members of your National Scout and Guide Fellowship. Delegates must be confirmed by your International Secretary.

Questions to e-mail: isgf.vienna08@gmx.net

Yours in Fellowship
